HEALTH CARE FOR YOUR **HEART**

DIABETES AND HEART DISEASE ARE A GROWING CONCERN IN INDIA.
MORE THAN 62 MILLION ADULT
POPULATIONS SUFFERING FROM THESE DISEASES.

Bi-Cure Remedies is determined to fight against the diabetes and heart disease with innovative and high-class drugs. We entered various segments in the cardiac therapy products and anti-diabetic drugs that help treat various diseases like control of diabetes, heart failure, hypertension and lipid abnormalities and the problems that may arise due to it. We operate in domestic market through a dedicated team that markets the product range.

Bi-Cure Remedies is a young and dynamic Indian pharmaceutical company with global operations, promoted by pharmaceutical professionals having more than 15 years of industry experience.

We engaged in the development, manufacture and global sales of a wide range of quality pharmaceutical and nutraceutical products and wish to be an important and reliable participant of the market in the long run.

The range of Bi-Cure Remedies products includes Pharmaceutical formulations, Psychiatric, Cardiac, Diabetes, Antibiotic, and Vitamin Supplement Products.

The main purpose of our company is to actively contribute to the safe and high-level health service operation through providing quality healthcare products in our country. Every product manufactured by the company is WHO-GMP compliance and ISO 9001:2015 certified. A stringent quality check is carried out on every product manufactured under the company name. Moreover, the company has a dedicated team of quality analysts onboard responsible for inspecting the products prior to dispatch.

Apart from having a strong foothold in the domestic market, we have presence in more than 20 states in India and also in international markets. Our International business contributed about 15% to our overall revenues in financial year 2019 and is one of the important growth drivers for the company.

Our Vision

We aim to offer our valued customers high-quality solutions at affordable rates to help them enjoy their life to the fullest. Our vision is to earn a global name in the industry through our innovative and modern products designed with advanced technology. We will achieve this goal by exceeding customer expectations in terms of quality, product price and after sales services.

Our Mission

Our mission to serve the best quality of medicine for Psychiatric, Cardiac, Diabetes, Antibiotic, and Vitamin Supplement Products.
